Air compressor
EURO 4000/1

The Euro 4000/1 is the ideal equipment for the ambitious DIY and convinced by large air capacity with high pressure. The mobile and oil-lubricated 2-cylinder compressor with v-belt drive is suitable for nearly all applications of compressor air for painting, clamp, spraying and blowing up balls and tires. The 50 l sized air pressure boiler has the advantage that you have to refuel air rarely.

Feature:
- 2 cylinder compressor (1)
- V-belt drive (2), pressure switch with safety valve (3), 2 manometers (4), 2 quick couplings (5), drain valve, air-filled tires (6), 50 l vessel (7), transport handle (8), electronic motor (9), back-pressure valve and pressure reducer
- 10 years warranty against rusting of the vessel

Technical data:
- Mains: 230 V ~ 50 Hz
- Air intake capacity: 275 l/min.
- Vessel size: 50 l
- Operating pressure max.: 10 bar (150 PSI)
- Motor Power: 2.0 kW / 2.7 HP (PS)
- Weight: 52.7 kg
- Packing dimension: 970 x 340 x 735 mm
