## NHH 2100 Halogen Heater

Art.-No. 23.384.60

The NHH 2100 has many advantages over conventional gas patio heater. It does not warm the air, but it warms up nearly instantly and comforting all people and objects to those the heat-rays meet, similar as like sun-rays do. This way is more energy-efficient and also the handling with gas bottles is omitted. Furthermore the halogen heater works absolute noiseless and odourless. The heater is waterproof and so optimally suitable for balcony and terrace.

### Features

- Reflector (1) and base cover (4) made of aluminium
- 2 On- / Off-switches (2)
- 2-pieces telescopic tube (3) made of stainless steel
- **2 halogen heating rods**
- **3 heating steps (900 / 1,200 / 2,100 W)**
- Cover fence
- Safety disconnection when tilting
- Rubber power line

### Technical Data

- Mains: 220 - 240 V ~ 50 Hz
- Heating power: 2,100 Watt
- Power line length approx.: 300 cm
- Protection class: IP 44
- Height approx.: 165-210 cm  
(continuously adjustable)
- Diameter of reflector approx.: 56 cm
- Diameter of base approx.: 45 cm
- Product weight: 11.2 kg

### Logistic Data

- Net weight: 12.8 kg
- Gross weight: 16.2 kg
- Packing dimensions: 600 x 600 x 410 mm
- Bar code: 4006825 578584
- Sales Unit: 1 pc
