BT-PG 2800/1

Power Generator (Petrol)

Art.-Nr.: 4152480

Ident-Nr.: 11024

The powerful BT-PG 2800/1 petrol generator ensures that power is available reliably and permanently in remote places and during a mains power failure. Light sources and other electrical devices can be easily operated from two 230V socket outlets. With a continuous output of 2300 W, the combination of synchronous generator and long-lasting four-stroke engine supplies plenty of power for a wide range of applications.

Features

- Smooth-running and long-lasting 4-stroke engine
- Crank shaft mounted at two ends
- Low oil cut-out to protect against engine damage
- Reversing starter
- Synchronous generator
- AVR function: Stable output power for electronically consumers
- 2 x 230 V socket
- Voltmeter
- Overload switch for appliance safety
- Large 15 liter tank with level indicator
- Sturdy wheels, hinged handle and carry-frame for easy transport
- Sturdy feet

Technical Data

• Type of generator	Synchronous
• Frequency	50 Hz
• Continuous power (S1) at 230 V	2300 W
• Max. power (S2 S2time) at 230 V	2800 W 2 min
• Nominal current at 230 V	10 A
• 230 V socket	2 Pieces
• Engine	four-stroke, air cooled
• Number of cylinders	1 Pieces
• Engine displacement	208 cm ³
• Engine speed	3000 min ⁻¹
• Max. engine power	4.1 kW
• Fuel	Petrol
• Capacity of fuel tank	15 L
• Running time with 2/3 load	13.6 h
• Sound power level LWA	96 dB (A)

Logistic Data

• Product weight	41.75 kg
• Gross weight single packaging	44.55 kg
• Dimensions single packaging	620 x 410 x 475 mm
• Pieces per export carton	1 Pieces
• Gross weight export carton	44.55 kg
• Dimensions export carton	625 x 460 x 475 mm
• Container quantity (20"/40"/40"HC)	180 380 475
