## Garden Pump

The high performance garden pump is particularly suitable for the garden irrigation with collected rain water. Other features are the large suction capacity and its long service life. Furthermore the garden pump is equipped with a pre-filter, which prevents that dirt arrives into the pump inside. The pump is powered by an asynchronous motor with thermal protection.

### Performance data:

### Features

- Pressure connection
- Handle
- On/ Off switch
- Water drain plug
- Suction connection
- Pre-filter
- Large water filler opening
- Return valve
- Female thread for hose connection made of stainless steel
