

GE-EC 2240 S

Electric Chain Saw

Item No.: 4501770

Ident No.: 11015

Bar Code: 4006825609844

The GE-EC 2240 S electric chainsaw is a high-quality, handy and powerful tool which meets high requirements for sawing firewood, for thinning out scrub and for cutting down small trees. A quality rail and chain from OREGON ensure optimum cutting performance. The chain can be tensioned and changed without tools. The kickback protection facility with an instant mechanical chain brake will stop the chain immediately if the GE-EC 2240 S rears up suddenly. A big filler opening of the automatic chain lubrication system makes it easy to top it up if necessary. For safety in the event of the chain jumping off the rail, there is a chain catch bolt.
