The GC-PC 930 I top-handled petrol chain saw is a compact and efficient tool that convinces as a reliable helper for thinning out scrub and removing branches from trees. Thanks to a choke and primer, the engine of this small chain saw starts without difficulty. The GC-PC 930 I comes with a chain brake, kickback protection, a robust claw stop made of metal, a centrifugal clutch and good safety features. Thanks to the crank shaft with bilateral bearings, the engine runs with very low vibrations. For high user-friendliness even on long work sessions there is also an integrated anti-vibration system. The cutter rail and chain are kept lubricated by the automatic chain lubrication system.
