

**LE 10**

**Dehumidifier**

Item No.: 2369112

Ident No.: 11015

Bar Code: 4006825612387

The LE 10 dehumidifier quickly and effectively removes excess humidity which causes damp walls, mold, mildew, musty odors and condensation water in living areas, storage rooms and cellars. A fan draws the humid air to an evaporator which cools down the air. Excess humidity is transformed into condensate and collected in the tank which has a fill level indicator and overflow protection. The dehumidified air is released again. A hose can be connected to remove condensed water for continuous operation. The castors and carry handle make it easy to quickly move the dehumidifier wherever it is needed.

## Features

- Status indicator
- ON/OFF switch (continuous operation)
- "Condensate collector full" indicator
- Condensate collector with overflow guard and level indicator
- Continuous operation through hose connection
- 2-step fan
- Timer
- LED display
- 9-step humidity controller
- Castors
- Carry-handle

## Technical Data

- Mains supply 220-240 V | 50 Hz
- Power input max. 245 W
- Temperature area 5-35 °C
- Absorbed humidity at RH 80% and 30° 0.42 L/h
- Absorbed humidity at RH 60% and 27° 0.23 L/h
- Volume of condensate box 2 L
- Refrigerant R134a | 130 g

## Logistic Data

- Product weight 9.9 kg
- Gross weight single packaging 11 kg
- Dimensions single packaging 533 x 314 x 223 mm
- Pieces per export carton 1 Pieces
- Gross weight export carton 11 kg
- Dimensions export carton 320 x 230 x 522 mm
- Container quantity (20"/40"/40"HC) 748 | 1520 | 1900
