

LE 20

Dehumidifier

Item No.: 2369042

Ident No.: 11015

Bar Code: 4006825612424

The LE 20 dehumidifier quickly and effectively removes excess humidity which causes damp walls, mold, mildew, musty odors and condensation water in living areas, storage rooms and cellars. A fan draws the humid air to an evaporator which cools down the air. Excess humidity is transformed into condensate and collected in the 4 litre tank which has a fill level indicator and overflow protection. The dehumidified air is released from the unit again. A hose can be connected to remove condensed water for continuous operation. The castors and carry handle make it easy to quickly move the dehumidifier wherever it is needed.

Features

- Status indicator
- ON/OFF switch (continuous operation)
- Automatic adjustment (swing) of the air outlet flap
- "Condensate collector full" indicator
- Condensate collector with overflow guard and level indicator
- Continuous operation through hose connection
- 2-step fan
- Timer
- LED display
- 9-step humidity controller
- Castors
- Carry-handle

Technical Data

- Mains supply 220-240 V | 50 Hz
- Power input max. 350 W
- Temperature area 5-35 °C
- Absorbed humidity at RH 80% and 30° 0.83 L/h
- Absorbed humidity at RH 60% and 27° 0.42 L/h
- Volume of condensate box 4 L
- Refrigerant R134a | 250 g

Logistic Data

- Product weight 11.5 kg
- Gross weight single packaging 12.5 kg
- Dimensions single packaging 578 x 340 x 326 mm
- Pieces per export carton 1 Pieces
- Gross weight export carton 12.5 kg
- Dimensions export carton 332 x 332 x 568 mm
- Container quantity (20"/40"/40"HC) 512 | 1056 | 1056
