The electric scarifier GC-ES 1231 is a powerful and reliable garden device which proves to be an indispensable aide for professional scarifying of small to middle size plots for a healthy lawn. With 8 high-quality double blades, the ball bearing mounted cutting roller fights weeds and moss with their roots effectively. For that purpose, the powerful inverse-speed motor with 1,200 Watt delivers a strong torque for continuous working progress and consistently good results. The robust plastics housing is a guarantor for durability. The scarifier is recommended for lawns up to ca. 300 m².
