The Einhell CC-BC 5 battery charger is a handy 12 V charger in a robust sheet steel housing for flexibly charging flat car and motorbike batteries. The device has an ampere meter showing the current charging rate to supervise the charging procedure. For maximum safety the device is an all-insulated construction and also features protection against overloads, swapped poles and short-circuits. The charging cable with strong, fully insulated pole clamps provides optimum contact with the battery poles. The robust carry-handle enables the handy device to be moved quickly and flexibly to wherever it is needed.
