MAINTENANCE

1. Clean the trimmer blade of any build-up of debris. Remove any debris from the blade housing, and ensure the blade is free of any foreign objects.

2. Remove the blade from the trimmer and clean the blade pack. Repeat steps 1 and 2 for the cutting blades of each blade.

3. Lubricate the blade with a light-weight machine oil before operating at full speed.

4. Remove the blade from the trimmer and clean the blade pack. Repeat steps 1 and 2 for the cutting blades of each blade.

WARNING!

• When using mains-powered tools, always ensure the mains supply is turned off before making any adjustments to the tool. Always ensure the tool is unplugged from the mains supply before making any adjustments.

• When using cordless tools, always ensure the battery pack is removed from the tool before making any adjustments.

• When using power tools, always ensure the tool is switched off before making any adjustments.

Cleaning and Storage

• Always place the blade cover on the blade before storing or transporting the hedge trimmer.

• Always store the tool in a dry, ventilated area away from any sources of moisture or dampness.

• Keep the tool clean and free from dirt and debris.

• Keep all parts of the body away from the cutting blades.

• Keep the tool out of the reach of children.

• Do not use the tool in wet or damp conditions.

• Do not expose the tool to extreme temperatures.

• Do not use the tool in dusty or dirty conditions.

• Do not use the tool in explosive environments.

• Do not use the tool in water or liquids.

• Do not use the tool in wet or damp conditions.

• Do not use the tool in dusty or dirty conditions.

• Do not use the tool in explosive environments.

• Do not use the tool in water or liquids.

• Do not use the tool in wet or damp conditions.

1. CHANGING BLADES

Inserting the Blade Base
1. Slide the head of the blade base into the recess in the housing.
2. Push the front of the blade base into the housing until it clicks into place.

Renewing the Blade Base
1. Press and hold the base release button.
2. Remove the base by lifting from the front and then sliding out.

Note: Ensure the base is supported by hand when the release button is pressed to prevent it falling unexpectedly.

2. BATTERY & CHARGING (sold separately)

Charging your lithium ion battery - Fast Charger
1. Connect the charger into a mains power outlet.
2. The charger LED will flash green showing power is being supplied to the charger.
3. Will the charger sitting on a flat surface, align the raised ribs on the battery with the grooves in the charger ensuring a firm connection.
4. The charger LED will illuminate red signifying that the battery is charging.
5. When ensuring the charger from the battery is precious to the battery is charging.

Charging your lithium ion battery - Eco Charger
1. Connect the charger into a mains power outlet.
2. The charger LED will flash green showing power is being supplied to the charger.
3. With the battery sitting on a flat surface, align the raised ribs on the battery with the grooves in the charger ensuring a firm connection.
4. The charger LED will illuminate red signifying that the battery is charging.
5. The charger LED will illuminate green once the battery is charged.

Charging your lithium ion battery - Eco Charger
1. Connect the charger into a mains power outlet.
2. The charger LED will flash green showing power is being supplied to the charger.
3. With the battery sitting on a flat surface, align the raised ribs on the battery with the grooves in the charger ensuring a firm connection.
4. The charger LED will illuminate red signifying that the battery is charging.
5. The charger LED will illuminate green once the battery is charged.

Battery Charge Indicator
1. ACHARGING
2. The charger LED will illuminate red signifying that the battery is charging.
3. When ensuring the charger from the battery is precious to the battery is charging.

3. INSERTING & REMOVING THE BATTERY

Inserting a Battery (not included)
1. Align the slots of the battery with the slots on the back of the handle.
2. Slide the battery into its position.

Removing a Battery
1. Press and hold the battery release tab while sliding out.

4. CONTROLS & OPERATION

Switching On and Off
1. Press and hold the safety catch and release the release trigger to start.
2. To stop operation, release the release trigger.

Cordless Trimmer/Shear

Using the Grass Shear:
Move the grass shear parallel to the ground. Direct the shears toward smoothly. Do not sweep the shear back and forth as this will not allow the blade to cut properly.

Using the Hedge Trimmer:
Move the hedge trimmer parallel to the top of the hedge, resulting in a more uniform shape. Begin at the top. This shape will expose more of a hedge so that it will be slightly narrower at the bottom and cut upwards. Trim the sides of the hedge parallel to the ground. Direct the shears forward smoothly. Do not sweep the shear back and forth as this will not allow the blade to cut properly.

WARNING!
DO NOT USE ANY ATTACHMENTS OR ACCESSORIES NOT RECOMMENDED BY THE MANUFACTURER OF THIS PRODUCT, AS IT CAN RESULT IN SERIOUS PERSONAL INJURY.

RISK OF SERIOUS PERSONAL INJURY.
ENTANGLED IN THE CUTTING BLADE AND CREATE A LIGHT, FLICKERING EFFECT WHICH CAN BECOME A FIRE HAZARD.

CLEAR THE AREA TO BE CUT BEFORE EACH USE. REMOVE ALL BRANCHES, SUCH AS CORDS, BRANCHES, WIRE, OR STRING WHICH CAN BECOME ENTRANCED IN THE CUTTING BLADES AND CREATE A FIRE HAZARD.

IF THE BLADE RUNS ON AN OBJECT, IT SHOULD BE KEPT UNDER LEAD AND NOT CLEARED WITH THE RISK OF SERIOUS PERSONAL INJURY TO THE OPERATOR OR ACCESSORIES BEFORE ATTEMPTING TO FREE THE BLADE.

DO NOT USE ANY ATTACHMENTS OR ACCESSORIES NOT RECOMMENDED BY THE MANUFACTURER OF THIS PRODUCT, AS IT CAN RESULT IN SERIOUS PERSONAL INJURY.

WARNING!:
DO NOT USE ANY ATTACHMENTS OR ACCESSORIES NOT RECOMMENDED BY THE MANUFACTURER OF THIS PRODUCT, AS IT CAN RESULT IN SERIOUS PERSONAL INJURY.

ATTACHMENTS:

WEAR GLOVES, BLADES ARE SHARP.
PARE OF ANY OF THE FOLLOWING STEPS.

WARNING!:
ENSURE THE TOOL IS SWITCHED OFF AND BATTERY DISCONNECTED BEFORE PERFORMING ANY OF THE FOLLOWING STEPS.

WARNING!:
THE CHARGER FOR THIS PRODUCT SHOULD BE PROTECTED FROM EXTERNAL CYLINDER DEVICE (RATED AT 30 A OR LESS).

WARNING!:
THE CHARGER FOR THIS PRODUCT SHOULD BE PROTECTED FROM EXTERNAL CYLINDER DEVICE (RATED AT 30 A OR LESS).

NOTES:

EXPERIENCE THE RANGE OF BATTERY CHARGERS AND OPERATION OF A VARIETY OF BATTERY CHARGERS, INCLUDING THE FOLLOWING STEPS.

3. INSERTING & REMOVING THE BATTERY

Inserting a Battery (not included)
1. Align the slots of the battery with the slots on the back of the handle.
2. Slide the battery into its position.

Removing a Battery
1. Press and hold the battery release tab while sliding out.
