

Party Heating Reflector PS 12 Niro

Art.-No.: 23.342.11

Bar code: 4006825237214

Sales unit: 2 pcs

High efficiency terrace heating reflector for cooler days and chilly evenings creates comfortable warmth within a range of 12 m in diameter. The heating capacity can be adjusted continuously (1).

Features:

Housing made of **stainless steel**, reflector (2) made of aluminium, thermoelectric ignition (without picture), piezo ignition (3), gas hose and regulator (without picture), gas bottle cover (4), burner (5), mobile with castors (6)

Suitable application for:

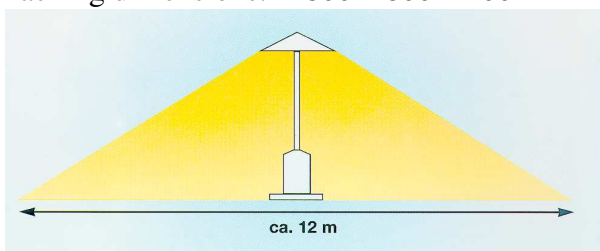

Commercial and private use, wherever comfortable warmth is required during cold days or on chilly evenings on the terrace. The gas bottle can be stored in the base of the heater.

Regulations for commercial use:

According regulations VBG 21 and TFR the unit should be equipped with a hose leakage safety device in case of rupture of the hose licensed by DIN 30 693 (safety devices for liquid gas applications) and a safety pressure valve with gauge when used commercially. Hose leakage safety device and safety pressure valve are not supplied with the unit.

Technical data:

Gas connection:	p50 (mbar)
Type of gas:	I ₃ B/P G 30
Rated heat load max.:	12 KKW (Hi)
Gas consumption max.:	ca. 850 g/h
Heating period:	approx. 13 h at large Operating using a 11 kg bottle
Type of gas:	propane/butane
height:	approx. 2,3 mtr.
Reflector size:	approx. Ø 78 cm
weight:	approx. 22kg
Packing dimensions:	800 x 800 x 400 mm

Made in Germany (DVGW-approved)
