

## Antifreeze Heater with Thermostat FW 400

Art.-No.: 23.387.00

Bar code: 4006825510881

Sales unit: 6 pcs

The heating of the antifreeze heater FW 400 switches on automatically at temperatures less than approx. +5°C to +8°C. The FW 400 is especially applicable as antifreeze heater and for tempering of smaller rooms without any heating device, i. e. cellars, larders, workshop areas and winter gardens.

### Features:

- Operating display (1)
- **Continuously variable thermostat control**
- Wall assembly
- Automatic temperature control
- **Frost protection (thermostat control at pos. "Min.")**
- Overheating protection

### Technical data:

- |                          |                                    |
|--------------------------|------------------------------------|
| - Mains:                 | 230V ~ 50Hz                        |
| - Heating power:         | 400 watts                          |
| - Mains cable:           | 3 x 0,75 mm <sup>2</sup> x 1600 mm |
