KHO 1500

Item No.: 2338811

Ident No.: 11013

Bar Code: 4006825599350

This PTC-heating fan is indispensable during the transition period and on extremely cold days. The heater can generally be used individually in all dry and closed rooms. In order to achieve quickly the desired temperature at all room areas, an integrated fan and an additional oscillation function ensure an optimal distribution of warm air in the room. The KHO 1500 can also be used as fan in summer.

This product is only suitable for well insulated spaces or occasional use.
