The electric lawn mower GC-EM 1536 is a high-quality, very powerful device for ambitious amateur gardeners which meets the highest expectations in mowing medium size lawns up to 600 m². Its powerful 1,500 Watt carbon-power-motor delivers excellent cutting results even in dense vegetation due to its high torque. Due to its 5- step central cutting height adjustment, the cutting height can be preselected simply and individually. The guide rail can be adjusted to each customer's size by simple settings for especially ergonomical working. The 38 liter grass collector bag with integrated level indicator and the robust plastics housing allow major works.
