The Einhell 18 V 1.5 Ah li-ion rechargeable battery is a member of the multifunctional and interchangeable PXC series from Einhell. It can be used universally for all devices from the system series. Max. safety is ensured by the proactive battery management system from Einhell. The charging cycles are adjusted to the specific situation, so the battery has a much longer service life. All parameters are monitored by state-of-the-art components. The li-ion cells are resistant to the self-discharging normally associated with batteries, even after long periods of nonuse. There is an integrated three-step LED charge status indicator. The rubber-coated housing provides excellent impact protection and recessed handles enable ergonomic handling.
