ACCESSORY

Circular Saw Accessory

Guide rail Alu 2x1000mm

Item No.: 4502118

Ident No.: 11017

Bar Code: 4006825632675

Thanks to the Einhell 2 x 1000 mm aluminium guide, cuts can be made cleanly and precisely. Compatible with the plunge saw and the Einhell Expert handheld circular saws, the guide rail is suitable for both right-angled cuts and angle cuts in equal measure. The slide lining contributes to the smooth running of the machines, and the splinter guard is provided for producing clean cuts. The connection element ensures that the two rail sections are perfectly straight. The gripper strips are for making the underside non-slip and they therefore contribute to extra safety and professional operation.

Features & Benefits

- For precise and straight cuts - including angled cuts
- Slide lining for smooth running of the machines
- Splinter guard for clean cuts
- Connection element ensures that the rails are perfectly straight
- Gripper strips for a non-slip underside
- Compatible with plunge saw & Einhell Expert handheld circular saw
