The Einhell cordless PXC 2.0 Ah twin-pack comprises two 18 V PXC series rechargeable batteries that can be used universally, offering double the power for lots of applications! The advanced li-ion cells are resistant to the self-discharging normally associated with batteries, and the charging cycles are adjusted to the specific situation, so the battery lasts longer. Maximum safety is guaranteed by the proactive battery management system from Einhell, and all the battery parameters are monitored by state-of-the-art components. A 3-step LED allows the charge level to be checked at any time. The rubber-coated housing provides excellent impact protection and a good grip. Optimized recessed handles make it easy to handle the batteries.
