The Einhell 18 V/1.5 Ah PXC Starter Kit provides the ideal starter combi for the PXC series as it comprises one rechargeable battery & one charger. The rechargeable battery system can be used for all the PXC products. Max. safety is ensured by the proactive battery management system from Einhell. The charging cycles are adjusted to the specific situation, so the batteries have a much longer service life. All key parameters are monitored by state-of-the-art components. The li-ion cells are resistant to the self-discharging normally associated with batteries. There is an integrated three-step LED charge status indicator. The rubber-coated housing provides excellent impact protection and integrated recessed handles enable ergonomic handling.
