The Einhell SOFT surface brush (wood, artificial turf) is an accessory for the Einhell PICOBELLA cordless surface brush. The soft nylon brush is ideally suited for cleaning wood and artificial turf, including terrace boarding and decks made of softwood and hardwood profiles and WPC/BPC. For artificial turf the soft brushes clean the fibers and raise them upright, so that the artificial turf looks like new again. The SOFT surface brush is not suitable for sealed surfaces. The brush has a diameter of 115 mm and a working width of 195 mm. Other brushes for the Einhell PICOBELLA are available separately.
