

Einhell

Battery Charger

CE-BC 2 M

Item No.: 100215

Ident No.: 11018

Bar Code: 4006825640304

The Einhell CE-BC 2 M battery charger is an intelligent system with a multi-stage charging cycle and monitoring by a microprocessor controller, and is suitable for all standard 12 V vehicle batteries. The trickle charge function reduces the stress on the battery being charged and extends its service life, especially for seasonal vehicles. Protection against overcharging, short-circuit and swapped poles and protection against dust and water jets provide reliable protection for the device. The charger also has fully insulated pole clamps. The LED battery voltage and charge status indicator shows the status of the battery at a glance.

Features & Benefits

- Intelligent battery charger with microprocessor controller
- Multi-stage charging cycle, controlled/monitored by microprocessor
- Universal battery charger for various battery types
- For Gel, AGM, zero and low maintenance lead-acid batteries
- Protection class IP65: Dustproof and protected against water jets
- Charging provides extended battery life
- For vehicles with long idle times (convertibles/motorcycles)
- Winter charging mode for outdoor temperatures below 5°C
- LED battery voltage and charging progress display
- El. protection against overcharging, short-circuit, swapped poles
- Fully insulated battery clamps
- Suspension eyelet for mounting to the wall

Technical Data

- Mains supply 220-240 V | 50 Hz
- Charging voltage 12V
- Suitable for batteries (from min. Ah to max. Ah): 3-60 Ah
- Charging current Min. (arith./eff.) - Max. 1 / [-] - 2 / [-] A (arith./eff.) on 12 V d.c.

Logistic Data

- Product weight 0.308
- Gross weight single packaging 0.595
- Dimensions single packaging 148 x 65 x 280 mm
- Pieces per export carton 12 Pieces
- Gross weight export carton 6.8 kg
- Dimensions export carton 415 x 310 x 265 mm
- Container quantity (20"/40"/40"HC) 8736 | 18816 | 23520
