Hand Lawn Mower

GE-HM 38 S-F

Item No.: 3414161

Ident No.: 11015

Bar Code: 4006825607765

The manual lawn mower GE-HM 38 S-F is a very functional equipment for any hobby gardener, with which smaller lawns can be mowed quietly, with ease and in an environmentally-friendly manner. The special, contactless cutting technology facilitates the work immensely, as only low friction losses develop between the blades. Thus, the necessary energy expenditure and the volume are reduced. This high-quality cylinder mower has a smooth-running mowing spindle mounted in ball bearings with 5 precision-ground cutting knives from high-grade steel and enables an exact selection of the desired cutting height thanks to a four-level cutting height adjustment, in order to achieve results suitable for a golf course. Recommended for lawns up to about 250m².

Features & Benefits

- Contactless, quiet and effortless cutting technology
- Ball bearing mowing spindle with 5 high-quality steel knives
- Precision-ground cutting knives of high-quality steel
- Quiet and environmentally-friendly
- Cutting results suitable for "golf course lawns"
