The Einhell TC-CS 1250 hand-held circular saw is ideal for long, straight and accurate cuts. For even greater precision it can be used in combination with the guide rail system from Einhell. The cutting depth and tilt angle are adjusted without the need for any tools. Changing the saw blade is easy thanks to the spindle locking system. It is supplied with the carbide saw blade for clean and straight cuts. Saw blades with an internal diameter of 16 mm are compatible with the hand-held circular saw. The large additional handle enables operation without fatigue and there is also a splitter for extra safety during operation. The hand-held circular saw has a dust extraction connection for compatible devices to help keep the workplace clean.
