Ident No.: 11029

Bar Code: 4006825628753

The Einhell TC-EH 600 cable winch is a powerful helper designed with particular emphasis on safety. For extra safety while working there is an operator switch with emergency stop function, a safety catch on the load hook, an automatic limit cut-out for the equipment, and an automatic brake which secures the load in every position. Thanks to the 18 meter twist-free wire cable (Ø 4,5 mm), loads up to 300 kg can be lifted to heights up to 18 m without the use of the guide roller (with guide roller: 600 kg/lifting height 9 m). The powerful 1,050 W drive delivers lifting speeds of 8 or 4 m per minute. The motor with thermostatic switch contributes to a long service life. Thanks to the two double clamps, the equipment is easy to mount.
