The Einhell TC-RH 800 4F rotary hammer is a powerful 800 W helper with four basic functions: drilling, impact drilling and chiseling with/without lock. With its pneumatic impact mechanism the rotary hammer provides very good forward traction for a drilling capacity of up to 26 mm in concrete. There is a practical position switch for all functions, while the large soft grip surfaces ensure a firm hold. The rotary hammer is equipped with a continuous operation lock, an SDS-plus tool chuck with semi-automatic function, an overload slip coupling and electronic speed control for adjusting the tool to the particular material/application. The product is supplied in a practical E-Box Basic transport and storage case.
