The Einhell TE-CL 18/2500 LiAC - Solo cordless lamp with 2,500 lumen really lights up the dark and as a member of the PXC family, all the rechargeable batteries from the system family can be used in combination with the lamp. Thanks to the 7 long-lasting, bright LEDs with a total of 2,500 lumen light flux and 6,500 K color temperature, the cordless lamp is not just brighter, it is also more robust and resistant to impacts than a comparable halogen lamp. Two brightness levels provide ideal illumination and there is a 1/4" tripod thread to enable it to be fastened to a tripod. For flexibility in use the lamp has a slim-line, low-weight design and features an ergonomic handle with a soft grip. It is supplied without a battery or charger.
