

Einhell

ACCESSORY

Preliminary Filter

Vorfilter 12 cm

Item No.: 4173801

Ident No.: 21041

Bar Code: 4006825549188

The Einhell 12 cm pre-filter is a robust protective mechanism for garden pumps, domestic waterworks and automatic domestic water systems against damage-causing impurities. The integrated fine filter with a mesh width of 0.2 millimeters is washable, easy to remove and easy to change. The pre-filter has a ventilation screw, a brass female thread (33.3 mm) and a transparent filter housing. The maximum recommended working pressure is 5.5 bar. The temperature of the liquid fed through must not exceed 35°C. Delivery contents a double nipple with a 33.3 mm (1" male thread) and an adapter fitting with 33.3 mm (1" male thread) / 42 mm (1 1/4" female thread).

Features & Benefits

- Sturdy and transparent filter housing
- Removable fine mesh filter (0,2 mm mesh opening)
- Vent screw
- Brass connection 33,3 mm (1") IT
- Including 1 double nipple 33.3 mm (1") ET
- Incl. 1 connector 33.3 mm (1") ET / 42 mm (1 1/4") IT
- Max. working pressure 5.5 bar
- For liquids up to 35°C
- Max. delivery quantity 4000 l/h
