ACCESSORY

Flow Switch (electric)

flow switch (electric)

Item No.: 4174230

Ident No.: 21012

Bar Code: 4006825667738

The electronic flow switch from Einhell is ideally suited for converting garden pumps into automatic domestic waterworks. It automatically switches the pumps on and off for water extraction. The electronic pressure flow switch ensures perfect pressure conditions. If the tap is turned on and the pressure in the line drops, it automatically switches on the pump. As soon as the tap is turned off, the pressure increases and the pump is automatically switched off. This additional device can be connected to pumps via the connection adapter. It also has a socket and a 1.45-metre-long mains cable.

Features & Benefits

- Integrated non-return valve
- Dry-running protection
- Connection-adapter
- Socket

Technical Data

- Mains supply 230 V | 50 Hz
- Max. current 10 A
- Max. operating pressure 10 bar
- Max. water temperature 55 °C
- Connection suction side 33,3mm (R1 AG)
- Material thread connection suction side brass
- Connection pressure side 33,3mm (R1 IG)
- Material thread connection pressure side brass
- Power cord 145 cm | H07RN-F

Logistic Data

- Product weight 1.1 kg
- Gross weight single packaging 1.4 kg
- Dimensions single packaging 190 x 160 x 165 mm
- Pieces per export carton 16 Pieces
- Gross weight export carton 23 kg
- Dimensions export carton 520 x 470 x 380 mm
- Container quantity (20"/40"/40"HC) 4800 | 9900 | 13200
