Thanks to PXC and a brushless motor, the Einhell cordless scarifier GE-SC 36/35 Li Solo cares for your garden powerfully and without a power cable. The TWIN-PACK technology runs on two 18V PXC batteries. While the ball-bearing scarifier roller is equipped with 16 stainless steel blades, the housing is made of impact-resistant material. For comfort on the job there is a 3-setting working depth + transport position, a folding height-adjustable long handle with parking position and a quick-lock lever. A carry-handle is integrated and the wheels are designed to exert less stress on the lawn. No tools are needed for changing the roller. As an option the scarifier can be converted into a 3-in-1 tool (aerator roller/catch basket).
