Window Cleaner Accessory

Teleskopstangenset

BRILLIANTO

Item No.: 3437101

Ident No.: 21012

Bar Code: 4006825670905

The telescopic rod set is an accessory for the cordless window cleaner BRILLIANTO that facilitates the cleaning of high windows (e.g. conservatory, shop windows). It consists of two telescopic rods (1x microfibre, 1x Brillianto), each of which can be infinitely adjusted up to approx. 120 cm. The window cleaner is simply attached to the telescopic rod, while the battery is inserted directly at the end of the telescopic rod. On the handle of the rod there is also a softgrip surface with on/off switch to have optimal control over the device during work. Thanks to the joint on the telescopic rod, the angle of inclination of the window cleaner is adjusted for streak-free results.

Features & Benefits

- Original Einhell window vacuum accessories
- Suitable for Einhell cordless window cleaner BRILLIANTO
- For easy cleaning of high, hard-to-reach windows
- Optimal cleaning of shop windows, conservatories, etc.
